Precast Bridges

premier-concrete.com

WE ARE PROUD TO OFFER:

The production of several precast bridge elements in addition to the ASTM precast Box Culverts.

Using bridge elements such as Precast Panels, Caps and Deck Forms is essential in achieving the Accelerated Bridge Construction (ABC) methodology statewide. Please see below for examples of precast reinfored concrete products.

Products:

- **Bridge Deck Panels**
- **Movable Barriers**
- **Concrete Pipes**
- **ASTM Box Culverts up to 14'x14'**
- **Bent Caps**
- **SIP Deck Forms**
